

JK-B781F-2S

JOCKY

Direct drive straight button holing machine
with double step motor

Features

1. One step motor is for auto lifting presser foot, easy operation, with same function as JK1790.
2. Another step motor is for driving the cutter, keep machine running at high speed, silent cutting, no noise, increase efficiency by 10%, same efficiency as JK1790.
3. The machine has a thread break sensor, presser foot keeps pressing the cloth so that the holing process can be easily restarted with the same function as JK1790.
4. Step motor drives the cutter so it is easier to sew on thick materials, and the cutter will never get stuck.

MORE INFORMATION

Technical Specification

Model	JK-B781F-2S
Length of buttonholes	6.4-19.1mm
Max speed	3,600sti/min
Needle bar stroke	34.6mm
Max. lift of the work clamp	12mm
Max. thickness to sew	4mm(with the work clamp lowered)
Number of stitches	54~345 (by gear-change method)
Needle type	DP*5 #11J
Lubrication	Automatic
Motor	550W
Packing size	700x370x520mm
Weight(G.W/N.W)	57/53kgs
